Referral Directory

Have you checked your listing on the Nebraska Child Care Referral Network? This is a way for you to advertise (For FREE) your openings as well as have a presence when parents are performing a search for child care. The site includes a map with pin locations of each provider from a given search. You no longer have to email change request, simply log in to your own portal and make the enrollment, openings, and hours changes. If you have questions, click on the question mark for a tutorial. www.nechildcarereferral.org

Training

Are you in need of a specific training topic? Let us know. We would love to partner with you to bring these opportunities to you at the local level!

Let's Talk PPE...

Keeping everybody healthy, safe, and happy can be challenging, and can seem nearly impossible! It can be challenging to navigate the different grants, surveys, and internet sites dedicated to the subject of personal protective equipment. In Hall County we are teaming up our resources and efforts to take the guess work out of it...and hopefully relieve some of your burden.

Filling the Need Locally

We have secured some materials and are also in the process of being awarded CARES Act funding to help with these and other essential items needed for you to operate your business while keeping kids and adults healthy and safe. Please take a minute or two to **complete the enclosed postage paid card**. There are no right or wrong answers, we want to be able to make the most of the supplies and know which additional ones need to be found.
